Today's Notes

- **FINISH ALL THE CODE SEPT 14 WITH TESTING THE LAST WEEK**
- What tickets do we want to finish
 - all the ones in progress
- Story pointing
 - Allocated story points to each of our tasks in Jira
- Estimated man hrs vs actual
 - thinking do this on excel
- How do we display the ui
 - like how do we convert the list in board to actual X's and Flags etc
 -  = Safe uncovered spot
 -  = Mine
 -  = flag
 -  = covered cell
- Will remove Game class as it is redundant
- Create system architecture
